USER GUIDE

The format and content of this volume reflects the requirements developed by the Department of the Prime Minister and Cabinet and approved by the Joint Committee of Public Accounts and Audit under subsections 63(2) and 70(2) of the *Public Service Act 1999* in July 2011.

This volume of the *Defence Annual Report 2010-11* refers to the outcome and output structure and performance information presented in the *Defence Portfolio Budget Statements 2010-11* and updated in the *Portfolio Additional Estimates Statements 2010-11*.

Annual reports, portfolio budget and additional estimates statements are the principal formal accountability mechanisms between the Government, Departments and the Parliament. Portfolio budget statements set out performance targets for departmental outputs. Portfolio Additional Estimates Statements may contain revised targets and annual reports describe achievement against those targets.

In addition, Defence's annual reports are designed to link performance during the year under review with performance forecasts contained in the Portfolio Budget Statements for the following year.

This report covers the period 1 July 2010 to 30 June 2011.
