I would like to know when letters will be sent to the affected residents of Salisbury regarding the testing.

I would also like to know if I can see a copy of one of the letters?

Defence is liaising with the Environment Protection Authority South Australia (EPA SA), the City of Salisbury and Renewal SA regarding the preliminary sampling program at RAAF Base Edinburgh.

At this point in time, Defence is not conducting preliminary sampling on any residential properties, and therefore letters have not been sent to residents.

Defence has established a national website to facilitate access to information regarding its PFOS and PFOA investigation program:

<http://www.defence.gov.au/id/PFOSPFOA/Default.asp>

Defence has also established a national telephone number: 1800 365 414 and email address: PFCDefenceCoordination@golder.com.au
