4. **ADMINISTRATION AND LOGISTICS.**

- a. Support Concept. MER support is achieved IAW ref D through the employment of a combination of:
- (1) Unit integral (1st line), close (2nd line held **S33(a)(1)**), and general (3rd line held at the NSB) assets and capabilities to provide national support to all FE in the MER.
 - (2) Sourcing assistance from HN, Coalition, UN, ADF and NSB resources.
 - (3) Management of all MER contracts, sponsored and authorised by HQJOC and JLC.
- b. **Personnel.** All personnel assigned to OP ACCORDION are to be fit for deployment to the HQJOC J07 prescribed standard. The provision of personnel support to assigned FE is to be IAW ref D.
- (1) **Operational Manning Document (OMD).** HQJOC is responsible for the OP ACCORDION OMD. The development of this document includes consultation and planning with Service providers. Once service liability acceptance has been achieved HQJOC will update the live OP ACCORDION OMD.

- c. **Distribution.** JLC will provide supply chain and distribution support to the agreed point (AP). The AP for OP ACCORDION S22 primarily the Intermediate Staging Base (ISB) S33(a)(i) S33(a)(ii) AP may be established for the MFU under S22 S22 S33(a) (iii)
- d. **Movements.** COMD 1JMOVGP, on behalf of CJOPS, is responsible for all strategic movement of ADF FE and equipment to and from the MER. This includes deployment, sustainment and redeployment of ADF FE and equipment. A combination of ADF and civil air and sealift is used to effect strategic movement to and from the MER. The deployed JMCC MER is to provide the strategic movement interface between JTF633 and HQ 1JMOVGP and, on behalf of CJTF633, plan, coordinate and execute intra-theatre movement requirements IOT support ADF and Coalition operations. Intra theatre lift is provided through a combination of AUS national, charter and Coalition lift assets. The movement concept is detailed in annex X.
- e. **Health.** Force protection and health countermeasures are directed in order to provide and maintain a fit and healthy force. Treatment of ADF personnel is to occur through integral Level 1 ADF health capabilities, with higher levels of health care provided by Coalition Partner (CP) and/or HN health facilities as available. Tactical AME is to be coordinated by the ADF AME Operations Officer (AEEO) and Strategic AME is to be coordinated by HQJOC AOC AME. ADF patients may be evacuated within the S33(a)(i) S33(a)(ii) S33(a)(iii) S33(a)(i) S33(a)(ii) S33(a)(iii) ADF health care escorts for VSI and SI patients are to be used throughout the evacuation chain where operationally feasible. The ADF Health Support Order is included in ref D.
- f. **Finance.** Defence is supplemented under no win no loss operational funding arrangements. Through Chief Finance Officer Group (CFOG) all Groups/Services cost their respective contributions to the operation. JOC Group is responsible for the funding arrangements for the in theatre cost, strategic lift (managed through 1JMOVGP) and contracted logistic support in theatre (through the Joint Logistics Command contracts). Financial Advisers are provided to second and third line support.
