Hello David,

Thank you for your time this afternoon, it was great to meet you and chat about moving forward with the Minister's online presence.

To know the Department is happy to help with the provisions of images, facts and possibly info graphics is fantastic. Thank you for your suggestion about photos coming from AUSMIN, I look forward to seeing them.

I have spoken with John and we discovered that I already had access to YouTube which is handy indeed and I will be in touch to show you and Tony the Facebook page before it goes live.

Cheers,

[REDACTED]
