Good afternoon Andy,

Apologies for late notice, we will be seeking to have a link go live at midnight to coincide with release by US/Middle East. Hoping to post a pdf on the fortnightly strike report page <http://www.defence.gov.au/Operations/Okra/FortnightlyReports.asp> but underneath the current reports. Request title be put above the report:

Air Task Group (ATG) – Civilian Casualty Reports

Title of document link: Civilian Casualty Report - Operation Okra - 30 Sep 17

I will provide the final report this afternoon.

Please indicate if the midnight go live is achievable.

Kind regards

MoMo
