

**CHAPTER 5
ANNEX A**

GRAPH – ESTIMATED TOTAL COMBATANT STRENGTHS, KOREA 1953-55

This Annex contains a graph showing the estimated total combatant strengths in Korea between the Armistice and the end of 1955.

Total Communist forces are shown in red 

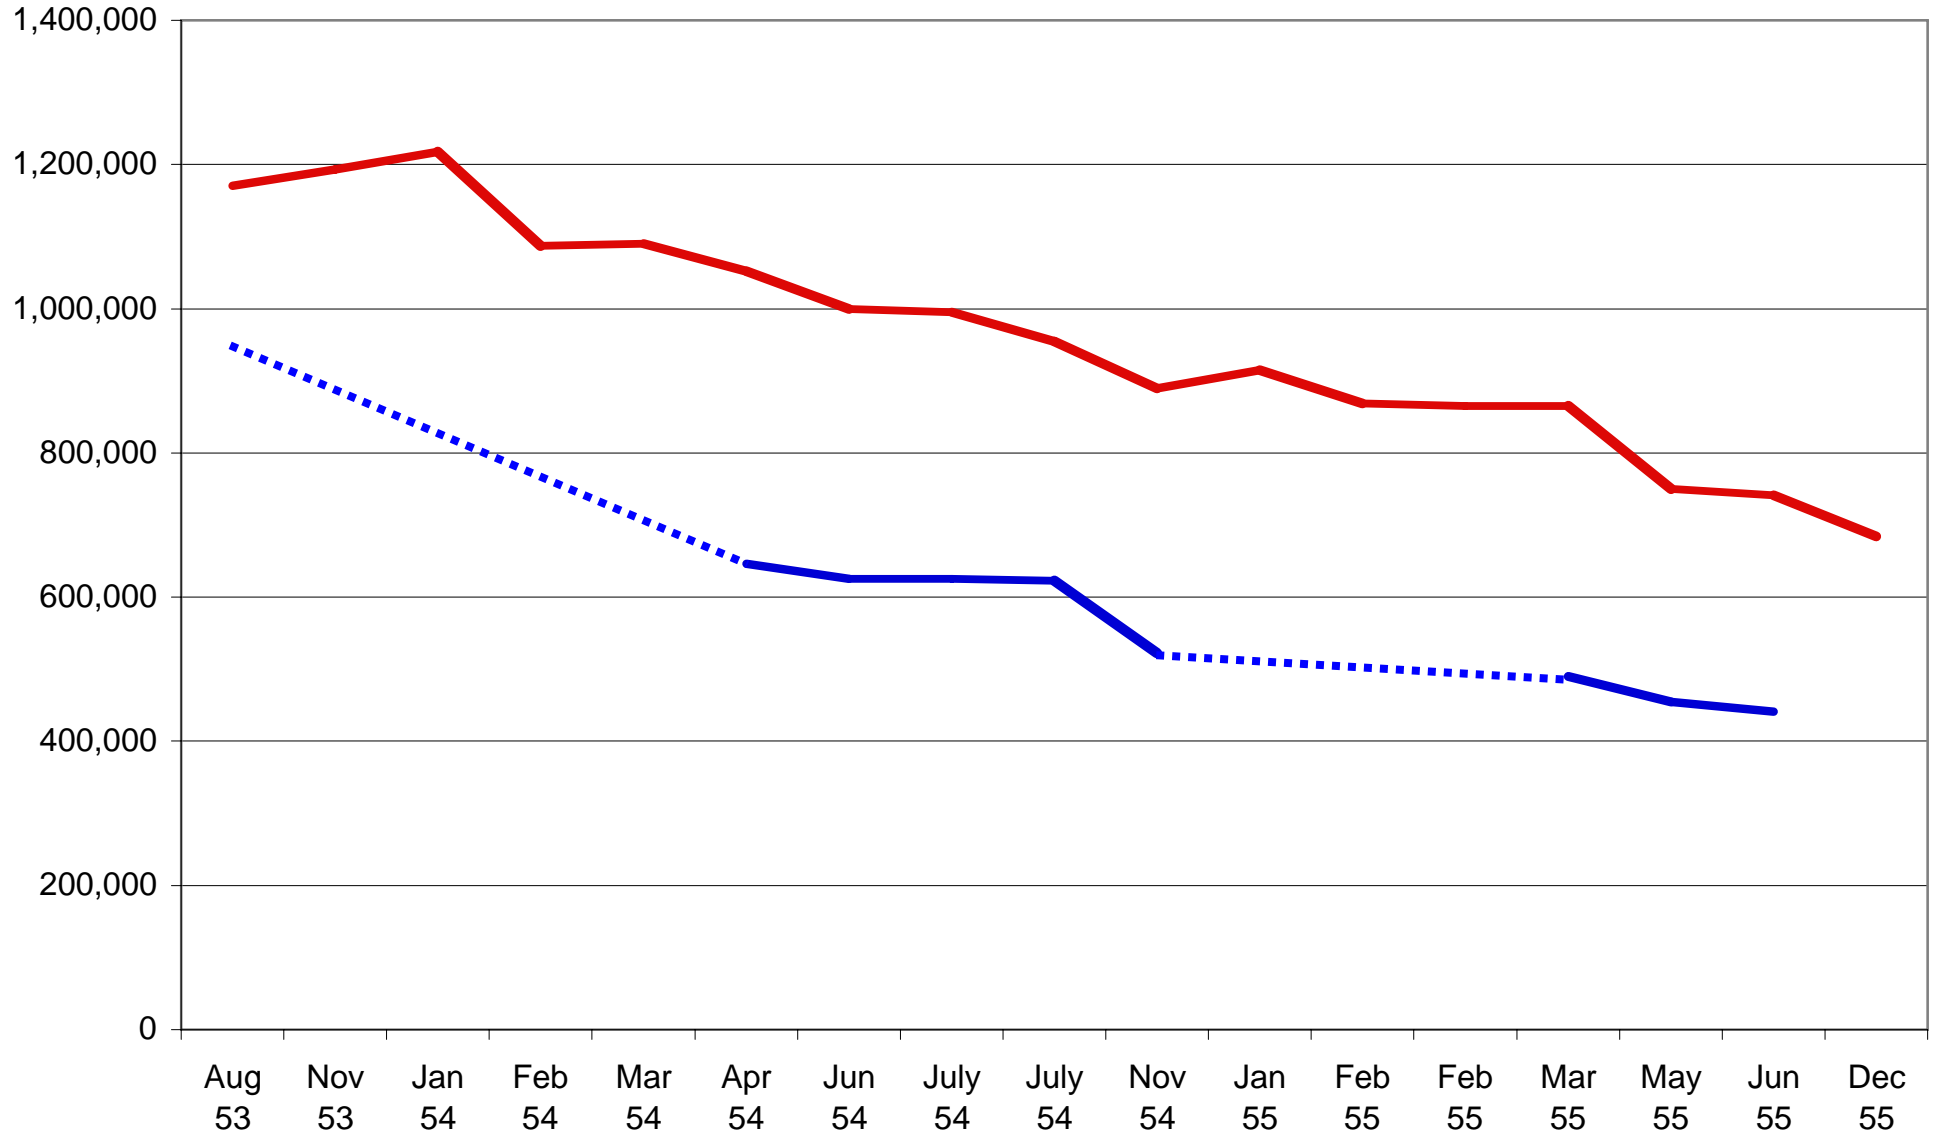

Total UNC forces are shown in blue 

Extrapolation for periods when UNC strengths were not provided is shown in a dashed blue line 

The graphs shows how the opposing forces were approximately halved over that period, in mutual and parallel force reductions which evolved as the conflict was de-escalated.
