

## ADDITIONAL CHANGES FROM THE DECEMBER 2010 ELECTRONIC UPDATE NOT INCLUDED IN JUNE 2011 SUPPLEMENT

ENV	#	PH	TITLE	CHANGE
AIR	6000	2A/2B	New Air Combat Capability – 3 squadrons	The YOD dates do not address Stage 1 (first 14 aircraft), now only referring to the YOD associated with the Stage 2 residual requirement. Stage 1 is addressed in the background.
JP	2030	8	ADF Joint Command Support Environment	YOD details for multiple second passes are now listed as multiple rather than the former description of three separate second pass bands.
JP	2044	5	Defence Geospatial Intelligence Capability Enhancement	Minor title change to expand GEOINT to Geospatial Intelligence
JP	2044	6	Defence Geospatial Intelligence Capability Enhancement	Minor title change to expand GEOINT to Geospatial Intelligence
JP	2048	3C	Landing Helicopter Dock (LHD) Watercraft	Title changed from Amphibious Watercraft Replacement
JP	2048	5	Landing Craft Heavy Replacement	Minor title change from Heavy Landing Craft Replacement.
JP	2080	2B1	Defence Management Systems Improvement – PMKeys Replacement	With preliminary pass (as addressed in June 2011 Supplement) achieved in FY 2010–11, the full first pass is scheduled for FY 2011–12.
JP	2089	3A	Tactical Information Exchange Domain (Data Links – Infrastructure)	Title changed to differentiate phases.
JP	2089	3B	Tactical Information Exchange Domain (Data Links – Armed Reconnaissance Helicopter)	Title changed to differentiate phases.
JP	2089	4	Tactical Information Exchange Domain (Data Links – Upgrade)	Title changed to differentiate phases.
JP	3025	1	Deployable Incident Response Regiment (IRR) Capability	IRR acronym added.
JP	3028	1	Defence Simulation Program	IOC schedule band included (formerly was 'TBD')
JP	5408	3	ADF Navigation Warfare (NAWWAR) Capability	NAWWAR acronym added.
JP	5408	3	ADF Navigation Warfare (NAWWAR) Capability	YOD changed from two explicit schedule bands (presuming two second passes) to a single schedule band covering the same dates.
LAND	400	2	Land Combat Vehicle System	Schedule changes associated with the combination of Phases 2A and 2B (as addressed in the June 2011 supplement)
LAND	998	1	Replacement Aviation Fire Trucks	More precise schedule band for YOD (from FY 2012–13 - 14–15 to FY 2012–13 - 13–14).

ENV	#	PH	TITLE	CHANGE
SEA	1352	3	Evolved Sea Sparrow Missile (ESSM) Upgrade and Inventory Replenishment	Acronym added to title.
SEA	1354	1	Submarines Escape Rescue and Abandonment Systems (SERAS)	Acronym added to title.
			Various	Schedule bands were consistently changed to narrow and update bands where approvals have not yet been achieved, so that bands do not cover previous years. For example YOD bands of FY 2010–11 to FY 2012–13 for proposals that did not achieve second pass in FY 2010–11 were narrowed to FY 2011–12 to FY 2012–13, to give the document a more current look. Such adjustments were not highlighted in the supplement unless the band was shifted to the right.
			Various	Numerous other minor changes have been made in the document, including in relation to the descriptive text, project industry opportunities and implications, as well as adjustments to dates for market solicitation and initial materiel release to align with project schedules.
