

ONE JOB - COUNTLESS OPPORTUNITIES

DMO

Defence Materiel Organisation (DMO) is Australia's leading project management and engineering services organisation, dealing with diverse multi-million dollar projects of national significance.

Land Systems Division (LSD) is one of the five system divisions in the DMO and is responsible for the acquisition and sustainment of designated land systems for the Australian Defence Force. LSD is a growing organisation of over 1200 people primarily based in Melbourne and are seeking highly motivated, results orientated people with a desire to work in an outcome focussed team environment.

A diverse range of exciting career opportunities, located at Victoria Barracks Melbourne are now on offer. Victoria Barracks is a historically significant site, centrally located in Melbourne within close proximity to recreational facilities and with public transport at the door.

DMO provides challenging and varied work, a generous suite of centrally funded professional development programs and opportunities for career development within a unique work environment. This is a chance to balance work with your other interests, with access and support for flexible working arrangements available.

Opportunities are available in a range of disciplines – Project Management, Logistics, Procurement and Inventory and range from entry level to managerial positions. We encourage and welcome interest from people who may not have a background or experience in Defence and the DMO, as well as those who have.

Information sessions are being conducted between Tuesday 30 October and Friday 2 November to provide interested people with more information about the DMO, the opportunities available and the application process.

For information session details and to register please contact: Nicole Calleja on (03) 9282 6753 or via email nicole.calleja@defence.gov.au

Applicant Information Packs, including selection criteria documentation and information on how to apply can be downloaded from <http://www.defence.gov.au/dmo/careers/careers.cfm>
