EXPLANATORY STATEMENT

Defence Determination 1996/46

Defence Act 1903

This Determination amends Determination 404, Isolated Establishment Allowance, which provides for the payment of an Isolated Establishment Allowance (IEA) to members of the Australian Defence Force (ADF) serving in certain Defence establishments (non-urban establishments) which are situated beyond the urban boundary, or at civilian airports or Royal Australian Air Force airfields (urban establishments) located within an urban boundary but isolated from the main urban area. For non-urban establishments, IEA is paid to assist members with the additional cost of travel to and from the establishment and is based on the distance of the establishment from the nearest urban boundary. For urban establishments, IEA is paid for duty only during those hours where the availability of public transport is limited.

This Determination authorises revised rates of IEA by substituting the Schedules of new rates attached to this Determination. Additionally, Schedule 1 now specifies all urban and non-urban designated Defence establishments.

Determination 404 formerly adopted by reference a number of urban and non-urban designated establishments, including the applicable rates of IEA, as in force from time to time under Public Service Board Determination 1983/10, which has now been superseded in the APS by variations in force under the General Employment Conditions Award 1995 and the 'Continuous Improvement in the APS Enterprise Agreement 1995-96'.

Clause 3 makes a number of consequential amendments, and corrects a number of drafting errors, to definitions in Determination 404. The definition of 'designated establishment' has been amended, including deletion of the reference to 'the Schedule'. The definition of 'the Schedule' has been deleted, as the operation of Schedule 1 now makes this definition redundant.

Clauses 4 and 5 make the necessary consequential amendments to refer to the appropriate Part of Schedule 1, which specifies the rate of IEA applying to either an urban or non-urban designated establishment.

Clause 6 replaces the Schedules in Determination 404 with the updated Schedules set out in the Attachment to this Determination.

Clause 7 is a transitional provision which authorises entitlement to additional IEA for ADF members between 7 March 1996 (the date of effect of the current rates of a similar allowance payable to officers of the Australian Public Service) and the date on which this Determination commences.

This Determination commences on the day on which it is made, as provided by subsection 58B(4) of the *Defence Act 1903*.
