EXPLANATORY STATEMENT

Defence Determination 2007/1

This Determination amends Defence Determination 2005/15, Conditions of Service (the Principal Determination), made under section 58B of the *Defence Act 1903* (the Act). Chapter 15 of the Principal Determination deals with overseas living allowance for members of the ADF on long-term posting overseas.

The purpose of this Determination is to implement revised post indexes that apply to overseas locations where ADF members serve. The post index is worked out from local prices surveyed in March and September each year by the data service provider. An exchange rate movement in the national currency of more than 2 per cent over two pay periods then prompts an amending determination to vary the post index.

Clause 1 of this Determination sets out the manner in which this Determination may be cited.

Clause 2 of this Determination provides that the Determination commences on 25 January 2007, the first day of the pay period following the date of signature.

Clause 3 specifies that the amendment is made to the Principal Determination, as amended.

Clause 4 substitutes a new Annex 15.2.A into the Principal Determination. The new Annex changes post indexes at a range of posting locations. The changes are due to recent exchange rate movements. The applied post indexes that increased were the Cook Islands, New Zealand and Tonga; and those that decreased were Japan, Samoa and the Solomon Islands. All other localities remain the same.

Column 3 of the new Annex 15.2.A shows the index published for the posting location by the data service provider. This index is not used in working out overseas living allowance because the post index used for this purpose must not be less than 100.
