Dear Edmund,

I think it is highest time to send you the film back but sometimes things do not run as they are wished. I had intended to send you the film copy back as quickly as possible but then things happened which caused me to send you the film later than I had originally planned to do.

v interesting
One of my Kormoran comrades - an Austrian - had invited Marina and me to spend a holiday at their home as long as we wanted. He tried to show us as much as possible of his country and therefore we made very ^vexcursions by car to the Alpine mountain world, visited large, wonderful churches of the middle ages and contacted a lot of people who tried to give us an impression of their country. Therefore we did not come home as we had originally planned.

Can you pardon our delay?

Besides, I have to write reports about the Whitsunside days which most of our comrades use to spend in a little village at the river Main; to answer questions, by letters and a lot of other jobs which demand a certain amount of my leisure time, for example the first preparations for our meeting in November.

Well, dear Edmund, I hope you will forgive me my delay re the return of the film copy, it did not happen for indifference or insouciance.

We wish you and all your family a nice and relaxing holiday in full health and happiness,

yours

Marina and Otto Jürgensen
