6 December, 1984

Dear Joachim

Enclosed is a copy of my official letter to the Komoran Association (sent to Otto), however I owe you a personal note of thanks for your kindness and attention last month.

Thank you also 'Herr Torpedo' for lending me your copy of Prisoner of the Komoran which I managed to read up to the chapter where our hero reaches France. I found it an interesting story though full of the prejudices of the time and of course the resurrection of a dead body!

I had hoped to talk with you at greater length about the Sydney/Komoran action and of your experiences in the lifeboat and Australia but time ran out. Perhaps another time

Thank you again

Edmund Jones
