MR WINSTON CHURCHILL'S VIEWS ON ACCIDENTS IN THE INDIAN OCEAN CONCERNING AUSTRALASIAN CONVOYS.

Dear Sir

Again these pages from the First Lord to First Sea Lord and his real concerns in the Indian Ocean for the Australian Divisions and their safety against Surface Attack. Re. if someone from the Japanese Submarine Recon. now suggests that a detached British Submarine sank HMAS SYDNEY II.

Reality is a consensus of ideas to the average person! within a pretty broad frame-work.

Yours faithfully
Pet Davison
