

DFA's New Website

DFA's website provides you with a family focused portal to ADF information. It also provides DFA with the opportunity to inform and update you on our advocacy role in family related policy and entitlements.

Our voice is as powerful as the families we represent so please fill out your details, seal and return to us via our free replied paid address. Alternatively you can register directly on our website www.dfa.org.au

It is your involvement and feedback to DFA that ensures that we are truly a voice for all ADF families.

A voice for Defence Families

supporting defence families...

About Defence Families of Australia (DFA)

DFA is a well respected organisation made up of experienced Defence spouses. DFA is officially recognised by Defence, Government and its stakeholders to provide feedback on views and the interests of ADF families. The DFA Convenor and volunteer Delegates work directly with Families, Commanding Officers, Chaplains, Regional Managers and all Defence stakeholders to clarify or resolve issues affecting families and their community.

The DFA Convenor meets regularly with the Minister for Veterans' Affairs and Defence Personnel, the Chief of the Defence Force and heads of Defence directorates. The Convenor also sits on the Personnel Steering Group, Defence Housing Australia Advisory Committee the Defence Community Organisation Family Support Funding Committee and is Vice President of Families - Defence Force Welfare Association to report and make recommendations on behalf of ADF families.

The National Convenor and National Delegates are formally appointed by the Minister for Veterans' Affairs and Defence Personnel for a two year term. DFA ND's are diverse volunteers whom operate at national, regional and local levels with an empathic understanding of service life, having lived and experienced the ADF exigencies. This enables them to represent your priorities in the best forums to improve the quality of life of all Defence families.
