## **Operation OKRA – ADF Airstrikes for the period 15 Jun - 28 Jun 2017**

Over the period 15 Jun – 28 Jun 2017, Air Task Group strike operations focused on supporting Iraqi Security Force operations to clear and secure West Mosul from Daesh forces.

On 15 Jun, Australian F/A-18 Hornets supported Iraqi forces during operations in Mosul. The Australian aircraft struck two Daesh fighting positions with guided munitions.

On 16 Jun, Australian F/A-18 Hornets supported Iraqi forces during operations in Mosul. The Australian aircraft struck five Daesh fighting positions with guided munitions over several hours of support.

On 17 Jun, Australian F/A-18 Hornets supported Iraqi forces during operations in Mosul. The Australian aircraft struck two Daesh fighting positions with guided munitions over several hours of support.

On 18 Jun, Australian F/A-18 Hornets supported Iraqi forces during operations in Mosul. The Australian aircraft struck seven Daesh fighting positions with guided munitions over several hours of support.

On 19 Jun, Australian F/A-18 Hornets supported Iraqi forces during operations in Mosul. The Australian aircraft struck three Daesh fighting positions with guided munitions over several hours of support.

On 20 Jun, Australian F/A-18 Hornets supported Iraqi forces during operations in Mosul. The Australian aircraft struck a Daesh fighting position with a guided munition.

On 21 Jun, Australian F/A-18 Hornets supported Iraqi forces during operations in Mosul. The Australian aircraft struck a Daesh fighting position with a guided munition.

On 23 Jun, Australian F/A-18 Hornets conducted a strike operation in the Middle Euphrates River Valley, Syria. The Australian aircraft struck a Daesh weapons cache with guided munitions.

On 23 Jun, Australian F/A-18 Hornets supported Iraqi forces during operations in Mosul. The Australian aircraft struck five Daesh fighting positions and a Daesh heavy weapons site with guided munitions over several hours of support.

On 24 Jun, Australian F/A-18 Hornets supported Iraqi forces during operations in Mosul. The Australian aircraft struck five Daesh fighting positions with guided munitions over several hours of support.

On 25 Jun, Australian F/A-18 Hornets supported Iraqi forces during operations in Mosul. The Australian aircraft struck two Daesh fighting positions and two Daesh heavy weapon sites with guided munitions over several hours of support.

On 26 Jun, Australian F/A-18 Hornets supported Iraqi forces during operations in Mosul. The Australian aircraft struck eight Daesh fighting positions with guided munitions over several hours of support.

On 27 Jun, Australian F/A-18 Hornets supported Iraqi forces during operations in Mosul. The Australian aircraft struck three Daesh fighting positions with guided munitions over several hours of support.

*All ADF personnel comply with International Law and limitations designed to protect coalition forces and minimise the risk to civilians.*

*Prior to any air strike, Australia's Air Task Group undertakes a detailed and robust mission planning effort that includes approvals from Australian and Iraqi authorities. Once a mission is complete and the aircraft have returned a thorough review of each individual weapon strike is conducted to ensure that it was consistent with pre-strike approvals. If an issue is identified in this review or a credible claim of civilian casualties is made an assessment will be undertaken by the Air Task Group commander and formally reported through the chain of command.*

*The ADF provides limited details concerning strike operations conducted under Operation OKRA in an effort to strike a balance between transparency, accountability and operations security.*

*The ADF has deployed an Air Task Group to the Middle East Region as part of Operation OKRA. The Air Task Group includes strike, airborne early warning and control and aerial refuelling aircraft. Further details on the Operation OKRA commitment can be found at [www.defence.gov.au/Operations/Okra/ATG.asp](http://www.defence.gov.au/Operations/Okra/ATG.asp)*
