Hi s22

Can I please update the request for morning tea for Friday 7 May 21:

1. For 8 people - tea, percolated coffee, skim milk, sugar, water + glasses, and biscuits - Level 1 Rm 076 for Friday 7 May 21 for delivery 09:40.
2. For 20 people - tea (sachets), coffee (sachets), milk, sugar, water and biscuits (this party may require additional as they are in the breakout area for a few hours) - Level 1 Breakout Area for Friday 7 May 21 for delivery 08:30.

I explained that at this stage it is a tentative request and that it is a booking made on behalf of 26SQN.

She was most obliging and said as long as we give as much notice, but a few hours would be ideal on Friday morning it is all good to go.

The issue of being COVID safe has arisen, and s22 stated that she can work around the fact to minimise contact points and not requiring a 'server'.

1. For 10 people - tea, coffee, water and biscuits - Level 1 Rm 076 for Friday 7 May 21 for delivery 09:45.
2. For 20 people - tea, coffee, water and biscuits - Level 1 Breakout Area for Friday 7 May 21 for delivery 09:45.

I explained that at this stage it is a tentative request and that it is a booking made on behalf of 26SQN.

She was most obliging and said as long as we give as much notice, but a few hours would be ideal on Friday morning it is all good to go.

The issue of being COVID safe has arisen, and s22 stated that she can work around the fact to minimise contact points and not requiring a 'server'.

Kind regards,

Hi s22

What I know from today.

- Party will arrive from Sydney via 34SQN BBJ 0915: current details indicate 8 crew and 13 Pax
- Secure VTC utilising facilities in LWB from 1000 – 1200
- Secure VTC utilising facilities in LWB from 1300 -1345 or 1330 - 1415
- Party departs WLM for Sydney 1430

No details yet on media requirements however I expect some form of media event potentially either upon arrival or prior to departure.

We have vehicles, refreshments organised. Just need to understand any lunch requirements but will have a plan.

Depending upon who the members are participating in the VTC at 1000, will have a contingency to s47E(d) with discussions with CDR ACG and SRG.

I am meeting with the Security team tomorrow morning and hope to get more details from them.

Team

Latest update for tomorrow is that there will be an event over at the civil side. What this will mean is that the PMs aircraft will probably arrive earlier, initial advice is potentially 0830. I will have a few more details later today but anticipate that the group may be split initially. One lot to go to civil side, the rest to LWB to await the VTC.

The only vehicle coming will be C1 so we will need to utilise the vehicles from base to transport.

More details to follow

Good Morning s22

The honour guard is part of normal protocol for the PM's arrival. s47E(d)

The door openers is the same. The picture there is for his arrival at the Len Waters Building prior to the VTC although normally his protective security team open his door but potentially because it was on base and fully secured they may have allow our door opener to do it. I will see what I can find out from the base WOFF.

Hi all,

There has been some discussion on social media over the weekend – most of it on Sunday – regarding an image the PM posted to his Instagram Stories of him arriving at RAAF Base Williamtown walking on a red carpet.

The discussion is chiefly on Twitter but there is a little bit on Facebook as well.

I've included notable discussion below.
