

	Date Submitted	Service Affected	Incident Summary
1	01/02/2021	Navy	Date of incident: 17 January 2021 Description: Small quantity non-explosive safety equipment lost during training
2	02/06/2020	Army	Date of incident: unspecified Description: medium quantity inert ammunition found and returned to unit
3	02/06/2020	Navy	Date of incident: unspecified Description: very small quantity live ammunition found and returned to unit
4	03/09/2020	Army	Date of incident: 03 September 2020 Description: inert explosive ordnance training aid discrepancy identified during stocktake
5	05/01/2021	Army	Date of incident: unspecified Description: very small quantity live ammunition found and returned to unit
6	06/04/2021	Army	Date of incident: unspecified Description: small quantity training ordnance unrecovered following training serial
7	06/04/2021	Navy	Date of incident: unspecified Description: A possible EO discrepancy was identified.
8	07/05/2020	Army	Date of incident: 06 May 2020 Description: Small quantity live ordnance and ammunition found and returned to unit
9	07/09/2020	Navy	Date of incident: unspecified Description: Single inert ordnance discrepancy identified during stocktake
10	08/01/2021	Navy	Date of incident: unspecified Description: small quantity live ammunition discrepancy identified during stocktake
11	08/02/2021	Army	Date of incident: unspecified Description: very small quantity inert training ammunition lost during training activity

12	08/03/2021	Army	Date of incident: 04 March 2021 Description: very small quantity live ammunition found during training and returned to unit
13	08/09/2020	Army cadets	Date of incident: 27 August 2020 Description: medium quantity ceremonial swords lost during stocktake
14	09/03/2020	Army	Date of incident: 09 March 2020 Description: very small quantity weapons components lost during training activity
15	09/09/2020	Army	Date of incident: 28 August 2021 Description: very small quantity inert ammunition found during training and returned to unit
16	09/09/2020	Navy Cadets	Date of incident: unspecified Description: small quantity historical display inert weapons, weapons component and inert ammunition found during stocktake
17	09/11/2021	Navy	Date of incident: unspecified Description: single item non-explosive safety equipment lost during water based training
18	10/02/2021	Army	Date of incident: unspecified Description: single weapon and weapon component discrepancy identified during stocktake
19	10/03/2021	Army	Date of incident: 09 March 2021 Description: very small quantity inert ammunition discrepancy identified during stocktake
20	10/03/2021	RAAF	Date of incident: 09 March 2021 Description: single piece range finding equipment lost during training
21	10/08/2020	unspecified	Date of incident: unspecified Description: very small quantity explosive ordnance found and returned to unit
22	10/09/2020	Civilian	Date of incident: 10 September 2020 Description: very small quantity live ammunition found by civilian and provided to Defence for disposal

23	10/12/2020	Army	Date of incident: 18 November 2020 Description: very small quantity live ammunition lost during training activity
24	10/12/2020	Army	Date of incident: 10 February 2020 Description: very small inert ammunition discrepancy identified during stocktake
25	11/02/2021	Army	Date of incident: 09 February 2021 Description: single item non-explosive safety equipment lost during training activity
26	11/10/2021	Navy	Date of incident: unspecified Description: small quantity live explosive ordnance lost during water based training activity
27	11/11/2020	Army	Date of incident: 08 October 2020 Description: small quantity inert ammunition found and returned to unit
28	11/11/2020	Army	Date of incident: unspecified Description: small quantity ammunition found and returned to unit
29	12/03/2020	Army	Date of incident: 09 March 2020 Description: single quantity non-explosive safety equipment lost during water based activity
30	12/04/2021	Navy	Date of incident: 31 March 2021 Description: single item non-explosive maritime equipment discrepancy identified during stocktake
31	13/02/2020	Army	Date of incident: unspecified Description: very small quantity live ammunition found post activity and returned to unit

32	14/07/2020	Army	Date of incident: unspecified Description: single item weapons component lost during activity
33	15/01/2021	RAAF	Date of incident: unspecified Description: medium quantity live ammunition mix of live and inert found and returned to unit
34	16/02/2021	civilian	Date of incident: 04 February 2021 Description: small quantity live ammunition found in training area and returned to unit
35	16/03/2021	Army	Date of incident: 15 March 2021 (approximate) Description: single piece non-explosive safety equipment lost during training activity
36	16/11/2020	Army	Date of incident: unspecified Description: very small quantity live ammunition found and returned to unit
37	17/03/2021	Navy	Date of incident: unspecified Description: very small quantity live ammunition lost during operations
38	17/04/2020	RAAF	Date of incident: 25 March 2020 Description: very small quantity inert ammunition lost during training activity
39	17/12/2020	Army	Date of incident: unspecified Description: unspecified explosive ordnance returned by member during unit stocktake
40	18/09/2020	Army	Date of incident: unspecified Description: small quantity weapons components unaccounted for
41	18/11/2020	Army	Date of incident: unspecified Description: single item non-explosive safety equipment lost during water based activity
42	19/02/2021	Army	Date of incident: 01 - 06 February 2021 Description: very small quantity live ammunition lost during training, later recovered and returned to unit
43	19/02/2021	Army	Date of incident: 10 December 2020 Description: small quantity explosive ordnance and live ammunition found and returned to unit

44	19/03/2020	Army	Date of incident: 05 March 2020 Description: single item live explosive ordnance lost during training activity
45	19/03/2020	Army	Date of incident: 10 March 2020 Description: small quantity live explosive ordnance lost during training activity
46	19/03/2021	Army	Date of incident: 18 March 2021 Description: single item weapons component discrepancy identified during stocktake
47	19/05/2020	Training Area	Date of incident: 13 April 2020 Description: very small quantity live ammunition found and returned to unit
48	19/10/2020	Army	Date of incident: unspecified Description: very small quantity live ammunition found and returned to unit
49	20/03/2020	Army	Date of incident: 19 March 2020 Description: medium quantity inert ammunition discrepancy identified during stocktake
50	20/08/2020	civilian	Date of incident: unspecified Description: very small quantity live explosive ordnance found by public and provided to Defence for disposal
51	21/02/2020	Army	Date of incident: unspecified Description: very small quantity inert ammunition found during inspection
52	21/02/2020	Army	Date of incident: unspecified Description: very small quantity inert ammunition found during inspection
53	21/05/2021	Army	Date of incident: 13 May 2021 Description: single item non-explosive safety equipment lost during activity
54	21/08/2020	Army	Date of incident: unspecified Description: medium quantity live ammunition found and returned to unit
55	22/05/2020	RAAF	Date of incident: 22 May 2020 Description: very small quantity inert ammunition found and returned to unit

56	22/08/2020	civilian	Date of incident: 22 August 2020 Description: very small quantity simulated ammunition found and returned to unit
57	22/09/2020	Army	Date of incident: unspecified Description: very small quantity inert ammunition found and returned to unit
58	23/03/2021	Army	Date of incident: unspecified Description: single item explosive ordnance found and returned to unit
59	23/07/2020	Army	Date of incident: unspecified Description: single item non-explosive safety equipment lost during water based activity
60	23/11/2020	Army	Date of incident: unspecified Description: unspecified quantity ammunition and explosive ordnance discrepancy identified during stocktake
61	23/11/2020	Army	Date of incident: 19 November 2020 Description: very small quantity inert ammunition found and returned to unit
62	24/02/2021	Army	Date of incident: unspecified Description: quantity of inert explosive ordnance discrepancy identified during stocktake
63	24/04/2020	Army	Date of incident: 18 March 2020 Description: small quantity weapons discrepancy identified during stocktake later recovered and returned to unit
64	24/09/2020	Army	Date of incident: 24 September 2020 Description: single item weapons range finding equipment lost during training activity
65	25/02/2020	Army	Date of incident: 25 February 2020 Description: small quantity blank ammunition found during inspection and returned to unit
66	26/05/2020	Army	Date of incident: unspecified Description: very small quantity inert ammunition discrepancy identified during stocktake

67	26/08/2020	Contractor	Date of incident: 26 August 2020 Description: very small quantity live explosive ordnance found and returned to unit
68	26/11/2020	Army	Date of incident: 20 November 2020 Description: safety equipment lost during water based activity
69	27/02/2020	Army	Date of incident: 26 February 2020 Description: explosive ordnance discrepancy identified during stocktake
70	27/04/2021	Navy	Date of incident: 26 April 2021 Description: very small quantity live ammunition found and returned to unit
71	28/02/2020	RAAF	Date of incident: unspecified Description: training aid discrepancy identified during stocktake
72	28/04/2021	Army	Date of incident: unspecified Description: single item weapons component found during training and returned to unit
73	28/10/2020	Army	Date of incident: 18 October 2020 Description: very small quantity inert explosive ordnance lost during training activity
74	05/05/2021	Army	Date of incident: unspecified Description: very small quantity inert ammunition lost during training activity
75	18/05/2021	Navy	Date of incident: unspecified Description: unspecified quantity simulated ammunition found and returned to unit
76	27/05/2021	Army	Date of incident: 18 February 2021 Description: single item weapons component lost later recovered and returned to unit
77	02/06/2021	Army	Date of incident: unspecified Description: single item range finding equipment lost during training later recovered and returned to unit

78	07/06/2021	Army	Date of incident: unspecified Description: medium quantity live ammunition found and returned to unit
79	10/06/2021	Army	Date of incident: unspecified Description: very small quantity explosive ordnance lost during training activity
80	11/06/2021	Army	Date of incident: unspecified Description: single item weapons range finding equipment lost during training activity
81	16/06/2021	Army	Date of incident: unspecified Description: large quantity live ammunition found and returned to unit
82	24/06/2021	Army	Date of incident: unspecified Description: small quantity live ammunition lost during activity at sea
83	19/07/2021	Army	Date of incident: unspecified Description: single item training equipment lost during water based activity
84	21/07/2021	Army	Date of incident: unspecified Description: small quantity weapons components lost, identified by unit. Did not constitute a full weapon
85	17/08/2021	Army	Date of incident: 28 July 2021 Description: single item equipment lost incorrectly discarded, located and returned to unit
86	23/08/2021	Army	Date of incident: unspecified Description: single item range finding equipment lost during activity
87	30/08/2021	Army	Date of incident: 27 August 2021 Description: single inert replica weapons discrepancy identified during stocktake
88	07/09/2021	RAAF	Date of incident: 10 August 2021 Description: medium quantity live explosive ordnance discrepancy identified during stocktake
89	10/09/2021	RAAF	Date of incident: unspecified Description: single weapon lost, later recovered and returned to unit

90	22/09/2021	Army	Date of incident: 22 September 2021 Description: very small quantity inert weapon discrepancy identified during stocktake
91	24/09/2021	Army	Date of incident: 20 September 2021 Description: small quantity inert weapon discrepancy identified during stocktake
92	04/10/2021	Unspecified	Date of incident: 04 October 2021 Description: very small quantity live ammunition found during training activity and returned to unit
93	11/10/2021	Army	Date of incident: unspecified Description: very small quantity inert ammunition discrepancy identified during stocktake
94	15/10/2021	RAAF	Date of incident: 15 October 2021 Description: small quantity weapons and weapons components misplaced and recovered post activity
95	18/10/2021	RAAF	Date of incident: unspecified Description: very small quantity live ammunition discrepancy identified during stocktake
96	23/10/2021	RAAF	Date of incident: 05 October 2021 Description: single item weapons equipment found and returned to unit
97	27/10/2021	Army	Date of incident: 26 October 2021 Description: small quantity inert ammunition found and returned to unit
98	04/11/2021	Army	Date of incident: 27 October 2021 Description: large quantity ammunition found during training and returned to unit
99	05/05/2021	Army	Date of incident: 04 May 2021 Description: very small quantity inert ammunition found during training activity and returned to unit
100	07/05/2021	Army	Date of incident: unspecified Description: very small quantity inert ammunition lost during training activity
101	11/05/2021	RAAF	Date of incident: 2 May 2021 Description: unspecified quantity of non-munition equipment stolen from residence

102	14/05/2021	Army	Date of incident: 13 May 2021 Description: single item safety equipment lost during water based activity
103	02/06/2021	Army	Date of incident: 31 May 2021 Description: very small quantity weapons range finding equipment lost, later recovered and returned to unit
104	03/06/2021	Army	Date of incident: 28 May 2021 Description: very small quantity weapons equipment delivery documentation discrepancy
105	11/06/2021	Army	Date of incident: 10 June 2021 Description: small quantity non-explosive weapons equipment lost
106	26/08/2021	Army	Date of incident: unspecified Description: Unspecified quantity and type of explosive ordnance discrepancy identified during stocktake
107	30/08/2021	Army	Date of incident: unspecified Description: single inert weapon discrepancy identified during stocktake
108	14/10/2021	Unspecified	Date of incident: unspecified Description: unspecified quantity and type explosive ordnance lost during water based activity
109	10/11/2021	Navy	Date of incident: 19 November 2021 Description: single item of non-explosive safety equipment lost in deep water
110	11/11/2021	Army	Date of incident: unspecified Description: very small quantity live ammunition found and returned to unit
111	17/11/2021	RAAF	Date of incident: unspecified Description: single item non-explosive equipment stolen
112	24/11/2021	Army	Date of incident: 14 November 2021 Description: very small quantity simulated explosive ordnance found during training and returned to unit
