

Approved Contractor Insurance Program (ACIP) Register

The following companies currently have ACIP status:

Companies with ACIP status	Date ACIP status granted
BAE Systems plc and all of its subsidiaries	2 April 2012
The Boeing Company and all of its subsidiaries	2 April 2012
Raytheon Company and all of its subsidiaries	2 April 2012
Saab AB and all of its subsidiaries (Note: while Saab has an interest in Hawker Pacific Pty Ltd it is not a member of the Saab group of companies and therefore is not covered by Saab's ACIP)	2 April 2012
Thales Group and all of its subsidiaries	20 December 2013
Lockheed Martin Corporation and all of its subsidiaries	25 February 2014
L3Harris Technologies Inc. and all of its subsidiaries	11 December 2023

Information on the ACIP Initiative is available on the [ACIP Initiative webpage](#).

Acquisition Teams should satisfy themselves as to the subsidiary relationship of a tenderer to the parent company listed in the ACIP register.

For entities which are publicly listed, this can be done by reviewing the annual financial statements of the company (which are usually available for downloading on the company's website).

The financial statements will include a list of subsidiaries whose financial results are consolidated with the company's.

If the tenderer is one of such subsidiaries no further investigation is required.

All requests for assistance and advice in relation to the ACIP Register should be directed to the ACIP Management Team at ACIP.ManagementTeam@defence.gov.au.
