Hi s47E(c)

s22 [REDACTED]

s22 [REDACTED]

I have attached the document for the Biological Mass Spectrometry position. I really do feel that this is the area that we have been growing to date and this position will formalise this. It is written not just to address the LCMS aspects but also to demonstrate the way that this position will cross science disciplines. s22 [REDACTED]

s22 [REDACTED]

s22 [REDACTED]

If you anything else please let me know.

Hi s47E(c)

You are correct that there will be 7 positions for the MSTC. Four of these are the ones you and s47E(c) proposed when I requested your input; they have been endorsed by the CB Coordination Team and s47E(c) s22

s22

s22

Cheers,

s47E(c)

Hi s47E(c)

The job add for the Biological Mass Spectrometrists is fine. s22

s22

I see from s47E(c)'s email that there are 7 x S&T5 positions for the MSTC and from your email it seems that both positions have been approved. s22

s22

s22

If s47E(c) has said that these positions are warranted and available then I will proceed. I am also acutely aware that we need to have promote those that display the behaviours that we require as you have demonstrated so well with the last six positions.

As always I will support the decision and work towards fulfilling yours and mine shared vision. We are making progress.

s47E(c)

~~OFFICIAL: Sensitive~~

Hi s47E(c)

See email below from s47E(c) Please re-check the Position Descriptions from your Team and get them back to me as soon as possible. We may be able to advertise all at once or have them done in two batches, two from our STC on each occasion; I'll keep you posted.

Thanks.

Cheers,  
s47E(c)

Hi all,

s47E(c) says go for it!

So, we have:

1. 7x S&T5s

s22

Can you please finalize these and we will have another chat about timing and order of advertising.

Best wishes,

s47E(c)
