

How To Guide

Complete a Supply certain DSGL goods and technology from outside of Australia (10B) application

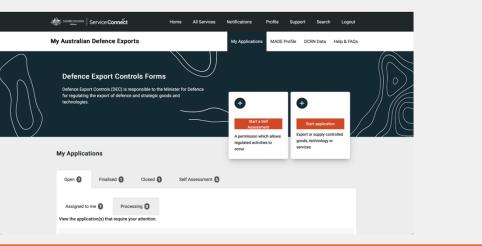

How to Supply certain DSGL goods and technology from outside of Australia

DEFENCE EXPORT CONTROLS

Step 1

 To commence a '10B – Supply certain DSGL goods and technology from outside of Australia' application, select the 'Start application' button on the MADE landing page.

Step 1

Step 2

• Select 'Apply' for the '10B – Supply certain DSGL goods and technology from outside of Australia' option.

DEFENCE EXPORT CONTROLS

Step 3

 Take a moment to read the 'Privacy Notice' to ensure you understand the way in which the Defence Export Controls will collect and use the data you provide.

Step 3

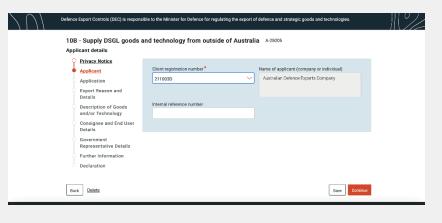

Step 4

• Once you have read the 'Privacy Notice', select 'Continue'.

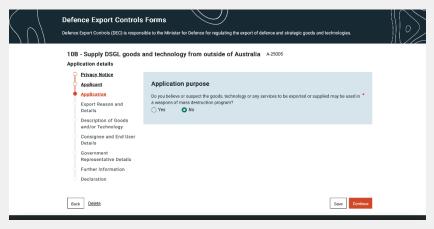

- Select your 'Client registration number' that will have been provided at the completion of the DCRN Application process. You may enter an 'Internal reference number', specific to your organisation, to assist with identifying and locating the application at a later date.
- Once you have done this, select 'Continue'.

Step 5

Step 6

• Indicate 'yes' or 'no' as to whether you believe or suspect the exported or supplied items may be used in a WMD program, then select 'Continue'.

DEFENCE EXPORT CONTROLS

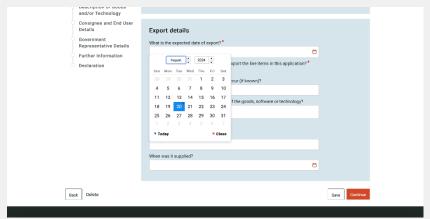

Step 7

 Select the option which best describes why the goods, or technology will be exported or supplied from the drop-down box.

Step 8

Choose the expected date of export, indicate if there will be more than
one shipment and indicate over what period of time these shipments will
occur. Enter the name of the original Australian supplier of the controlled
items, what the permit number was and when the items were supplied.

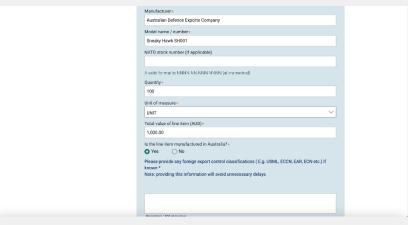

- Select the 'Item type' drop-down box and select the appropriate type –
 goods, software or technology. Provide a short description of the item.
 Provide enough detail to identify your specific items, to the extent that
 they cannot be confused with any other item or product.
- Due to firearm and radio exports requiring serial numbers, these items
 have been included in the 'Type of goods' drop-down box. If your items
 are neither of these, choose 'Other' and specify in the text box. This can
 be a simpler description than previously provided.

Step 9

Description of goods and/or technology details Privacy Notice Goods, Software & Technology to be assessed Application Export Reason and Details Description of Goods and/or Technology Consignee and End User Details Government Representative Details Further Information Declaration Declaration Declaration Declaration Declaration Type of goods Please select. Manufacturer * Model name / number * Model name / number *

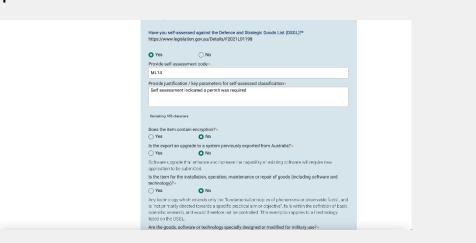

Step 10

- Indicate the 'Manufacturer', the 'Model name and/or number', 'NATO stock number' if applicable, the 'Quantity', 'Unit of measure' and 'Total value of line item'.
- The 'Total value of line item' is a per unit basis. Indicate whether the items were manufactured in Australia.

- If the items were manufactured in Australia, you must provide any foreign export control classifications. Indicate whether you have completed a self-assessment, achieved by identifying your items within the Defence and Strategic Goods List (DSGL).
- Provide the code relevant to your goods found within the DSGL, and provide justification for your self-assessed classification, that is, how you made the decision on which code to select.

Step 11

Step 12

• Indicate 'yes' or 'no' to the remainder of the questions within this section.

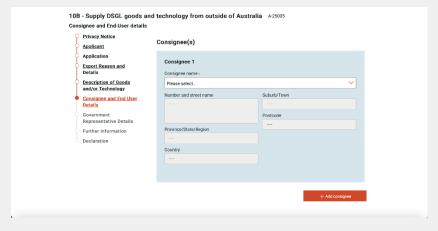

- After indicating 'yes' or 'no' to the remainder of the questions in this section, and providing any additional detail as required, you have the option to select 'Add line item'. This enables you to export multiple line items under the single permit. For example, if you are submitting an application for 2 firearms, you can add one line item for 4 rounds of ammunition.
- If you are only exporting a single line item, select 'Continue'

Step 14

- If you have previously set up Consignee and/or End-User details, you
 can select these from the drop-down box. If you have not previously set
 up these details, you will be required to enter them in a separate section
 of the system.
- If you have not already entered these details, save your application before exiting and adding consignee details.

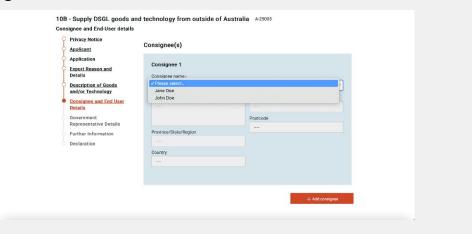

Step 13

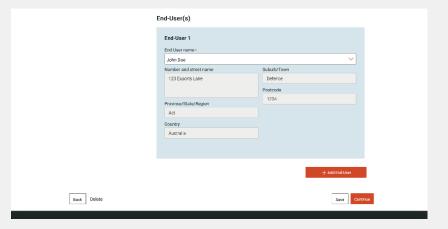

When you continue your saved application, you will see that the
permitted user you marked as a 'Consignee' is available as an option
within the 'Consignee name' drop box. The details will automatically
populate where appropriate. You have the option to select 'Add
consignee' to add one or more Consignees.

Step 19

Step 20

- The End-User is entered in the same way as the Consignee. They can
 be the same entity as the Consignee, or different, depending on the
 nature of your application. You have the option to select 'Add End-User'
 to add one or more End Users.
- Then select 'Continue'.

- Select either 'yes' or 'no' to indicate whether the supply of information is related to any Australian Government business.
- If 'no', select 'Continue'.

Step 21

Step 22

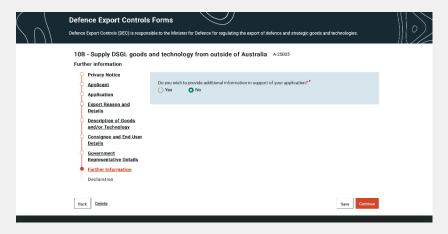

• If your supply of information is related to Australian Government business, you will be required to fill in the details of your government point of contact.

- Once you have completed the government point of contact details, you
 must indicate 'yes' or 'no' to a number of questions on classification,
 tender or contract association, and a project description or outline of the
 Australian Government business.
- Having answered these questions, select 'Continue'.

Step 24

- Indicate 'yes' or 'no' to indicate whether you wish to provide any additional information in support of your application. You may include any relevant details, but please ensure that all documents combined do not exceed 15 MB and are not password protected.
- After attaching any additional information, click 'Continue'.

 Select the check box to indicate that you confirm the information you have provided is true and correct, and that you will promptly notify Defence Export Controls of any changes relating to the information provided.

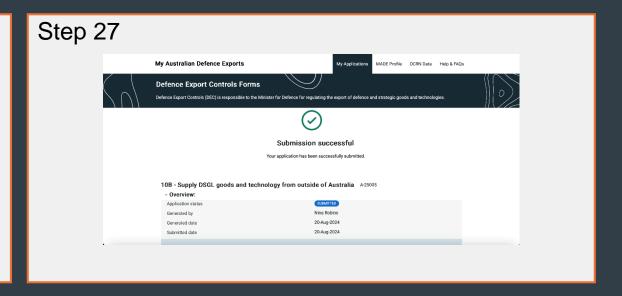

Step 25 10B - Supply DSGL goods and technology from outside of Australia A-25005 Statement by Applicant By submitting this application, I confirm that . I certify that the information in this application is true and correct **Export Reason and** . I will promptly notify Defence Export Controls of any changes relating to the information provided Description of Goods and/or Technology Authorised contact details on behalf of Australian Defence Exports Company Consignee and End Use Applicant first name Applicant last name Government Robins Representative Details Applicant position / title* Applicant email Further Information nina.robins@gmail.com Declaration Applicant phone number 20-Aug-2024 Back Delete

Step 26

• Enter your position and/or title, then select 'Finish'.

• Your application has now been submitted. You can check on the processing status of your application on the MADE landing page.
