

KONGSBERG

CAPABILITIES BEING SOUGHT

ELECTRONICS

- PCBAs
- Single Board Computers
- Design, Prototype, Manufacture

ADVANCED TECHNOLOGY

- Fuse and propellant systems
- Technology high-energy laser effector technology
- Propulsion
- Fuel inlet and outlet design
- New materials

DEFENCE ELECTRONIC SYSTEMS

- Optronic systems (cameras IR/day/night, laser range finder)
- Sensor Systems
- Radars

CABLES/HARNESSES

FABRICATION

CASTING

- Aluminum
- Bronze

PRECISION MANUFACTURING

- Additive manufacturing/3D printing
- Precision machining

COMPOSITES

MARITIME

- Casting
- Fabrication
- Machining
- Deck Machinery
- Hydraulics
- Sustainability
- Other heavy ship related equipment

ENERGY AND POWER

- Energetics
- Battery Technology
- Power Conversion
- Power Packs
