Good afternoon s22

As promised, the attached list details known 1 SQN SASR members at the time of Operation Falconer. It has been cleared by AHQ and SOCOMD. You will see it is broken down into:

- The list of **75 members** provided by H&A who were identified being *eligible* for the UCG, but who may or may not have already received the UCG;
- A list of **69 additional members** identified by APC & SOCOMD who would now also be entitled to receive the UCG (IAW the developments from Bell).

AHQ requests that H&A take the required actions to execute CDF's intent.

Please let me know if you have any queries or would like to discuss.

Regards,
