Dear s47E(d),

I am [redacted] of the Department of Lands Planning and Environment in the Northern Territory. One of my department's areas of responsibility (30 days in) is building certification.

Your colleague s47E(d) [redacted] has suggested you might be able to provide advice to us on the Crowley fuel storage project, particularly the [redacted]  
[redacted]

I would really appreciate your expertise and would welcome any advice you might have to share. I can be contacted on s22 [redacted].

I would also be happy to host a visit to Darwin and to site if that would be helpful.

Regards

s47F  
[redacted]

Dear s47E(d)

I am writing to formally request assistance from your Chief Engineer, s47E(d). I have had some preliminary phone discussions with s47E(d) on the best approach to [redacted] a large fuel facility in Darwin. It would be really helpful if we could continue these discussions in person and with the opportunity to visit the site.

s47E(d) has suggested I formalise a request to visit to the Northern Territory through you. The NT will meet any travel costs.

Your consideration of this request is appreciated.

Regards

s47F

Hi s47E(d)

Thanks for the brief discussion today regarding Project Caymus.

As discussed, you will receive an invitation to attend a working meeting in Darwin on the project for [REDACTED]. The purpose of the workshop is to agree on a way forward with [REDACTED].

In preparation for the workshop, s47F [REDACTED] has asked me to find out more about the [REDACTED] [REDACTED] including any templates or guidelines.

I found the following link and seek your advice on how this would apply to the project, [Estate project work, health and safety obligations | Defence](#)

s22

[REDACTED]

Please feel free to contact me if you have any questions and I am happy to take your advice on agenda items for the workshop.

Regards

s47F

Hi s47E(d)

Thanks again for attending the workshop in Darwin last month.

I met with s47F and s47F from Crowley last week and they expect to provide me with next week.

My technical team

Given your understanding of the issues, I would be grateful if you could peer review We can write to your supervisor requesting your assistance if that is required.

In terms of timing, I hope to have assuming that Crowley has addressed all outstanding issues.

If you agree to undertake a peer review, please let me your availability next month.

Regards

**OFFICIAL**

Hi s47F I have had a quick chat with our Chief Engineer (s47E(d)) and she has advised that [REDACTED] There are other considerations, and I am wondering if it would be helpful for us to link up s47E(d) with your Regulator, so that they can share perspectives at a more detailed level? This would [REDACTED]  
[REDACTED]

s47E(d) is familiar with the Crowley facility (and has visited it a number of times) and [REDACTED] was our lead for the new fuel installation at RAAF Darwin. [REDACTED]

[REDACTED] I am very happy to ask s47E(d) to reach out to your Regulator, or alternatively your team are very welcome to reach out directly to [REDACTED] via the cc'd address.

Best wishes,  
s47E(d)

s47E(d)

Further to our discussion Friday, the Territory is working through the certification of the Crowley facility in East Arm. As I understand the matter one issue is the [REDACTED]

In any event, as discussed, it might be helpful for the Territory regulator to understand the standard that Defence used in the recently constructed fuel facilities at RAAF Base Darwin. [REDACTED]

Any help you could provide would be greatly appreciated.

Regards, s47F
