

CHANGE LOG
ASDEFCON (STRATEGIC MATERIEL)
Version 5.4

General Changes

Changes introduced in ASDEFCON (Strategic Materiel) V5.4 include:

- Updates to Shadow economy, various other updates in Defence policies and commercial standards.
- The Australian Industry Capability (AIC) program was updated for Sovereign Defence Industrial Priorities (SDIPs), which were introduced under the [Defence Industry Development Strategy](#).
- In the SOW, project management planning and controls were revised with upgraded requirements for the Contract Master Schedule and Contract Work Breakdown Structure, with the Contract Summary Work Breakdown Structure also being relocated from the Glossary to SOW Annex F. The Human Engineering program was also updated with the Human System Integration program.
