## OFFICIAL

Good afternoon s47E(d) [REDACTED]

I believe scope of the request could be actioned in its current form. While the words/phrases are very common, the limitation of communication between to specified people through a specified period should significantly narrow the return.

Any documents in the scope of this request, if found, are unlikely to be suitable for administrative release based on the broad terms utilised and anonymous applicant.

No other areas are likely to hold records. As both AIRCDRE Bull and AIRCDRE Heap are reservists, it may take some time to receive confirm whether there are SMS, text or other written electronic communications are held by them. As per discussion, SMS/Text will be limited to official records/transmitted via Defence devices.

**NB: that there are sensitivities associated with this FOI Request as the Commander AAFC position is the subject of an active selection process at this time.**

## OFFICIAL

Hi s47E  
(d)

On 05 June 2026, Defence received a request from Right to Know (anonymous applicant) seeking access to:

*I seek access to copies of documents comprising email, SMS, text message or other written electronic communications between Air Commodore Tony Bull and Air Commodore Craig Heap during the period 1 January 2025 to 1 June 2026 that contain any of the following words or phrases, or substantially similar terms:*

*"next Commander of the AAFC"*

*"AAFC Commander"*

*"Commander AAFC"*

*"CDR"*

*"CDR-AAFC"*

*"Kylie"*

### **Action required by COB Tuesday 09 June 2026**

1. Review the scope and advise if the request can be actioned in its current form.
2. Consider whether documents in scope of the request could be released administratively.
3. If the scope cannot be actioned in its current form, please advise why and provide suggested revisions that could be made to the applicants scope.
  - I. If the scope is considered too large to process please provide a sample size of documents within scope to support this.
4. Advise of other business areas that may hold documents or have an equity in this request.

If the scope needs refining, the FOI team will liaise with the applicant.

Note, this is not a tasking to undertake document searches. Once your response is received a formal tasking will be sent by the assigned FOI Case Manager.

Please contact me if you would like to discuss this further.

Cheers

Good afternoon s47E(d) ,

Yes, I believe that the revised scope below is sufficiently narrow to enable the request to be actioned.

Please note, AIRCDRE Bull s22 with limited access to the DPE and AIRCDRE Heap is currently s22 with no access to the DPE. Consequently I would seek a return on the new tasking of not before 26 Jun 26 IOT liaise with the relevant parties to the request in addition to the obj search.

**OFFICIAL**

Good afternoon s47E(d) ,

As discussed there are a number of sensitivities around this request as the selection of the next commander AAFC is an ongoing process at this time, with the recommended applicant awaiting endorsement by CAF. So at this time, the selection of the next commander AAFC has not been finalised.

Having discussed the scope in more detail with AIRCDRE Heap last night, I don't believe the scope of the request is workable in its current form. My original that the limitation of communication between AIRCDRE Bull and AIRCDRE Heap which would serve to ring-fence what otherwise is very broad and frequently used set of terms, was probably overly optimistic when consider in more detail. While the current scope provides bounds in terms of type of communication, parties and timeframes, there is no specified topic identified in the scope. While the implication is that they are seeking information on the selection of the next CDR-AAFC, which givent eh current situation is likely. The is merely requesting access to documents between the two members within the specified dates that contain "***any of the following words or phrases, or substantially similar terms***".

The words or phrases below, with the possible exception of "next Commander of the AAFC", are used frequently in communications and will feature regularly in emails between the former DG AIRCDRE Heap, and the then GPCAPT Bull in the period Jan 25 – Dec 25. The most frequent touch point for the DG within the AAFC is going to be CDR-AAFC, so that is a term which will appear in an extremely wide range of topics. We also have s47E(d) as well as any ADF members by the name of Kylie that potentially interact with CB-AF (s47E(d)), that may be captured within the extant scope. By way of some hypothetical examples of emails that may fall in the current scope:

1. An email from AIRCDRE Heap to the then s47E(d) confirming arrangements for a freedom of entry parade that CDR-AAFC will be attending.
2. An email from the then s47E(d) as A/COS to AIRCDRE Heap s47E(d) s47E(d)
3. An meeting request from AIRCDRE Heap to the then s47E(d) and others s47E(d)
4. An email from CDR-AAFC to s47E(d), forwarded to AIRCDRE Heap discussing management of a high profile incident would have the signature the below signature block which would likely fit the "substantially similar terms" aspect of the scope.

s47E(d)

**Commander | National Headquarters**  
**Australian Air Force Cadets**

All of the above would fit the current scope as long as they occurred between the specified dates. There is no central theme to the documents requested, meaning in all likelihood we would be providing documents which have no relevance to the applicants intended use. I spoke with AIRCDRE Heap yesterday evening. He had a quick search of his outlook using the terms "Bull" and "Kylie" and I believe "Bull" and "CDR-AAFC" which indicated hundreds, possibly over 1000 emails in his outlook system which could potentially fit the scope of this request in its

current form. His estimate is 3-5 days to sieve through them under the current scope.

To that end can you please consult with the Defence FOI Case Manager to establish if we can NPR based on the fact that the resourcing of the request would be substantial and unreasonable or at the very least, seek to have the scope narrowed to something more workable

I will run some additional objective searches in the meantime to see if I can better quantify the scale of the request in its current format.

- Request for searches - Due COB Friday 12 June 2026

**OFFICIAL**

Good afternoon s47E

Thank you for the advice on scope response. As discussed, the official tasking has been issued and is as follows:

AFHQ has received a tasking via Defence FOI, for a request made under the *Freedom of Information Act 1982* (FOI Act) from an anonymous applicant, from the Right to Know website. The scope of the request is as follows:

*I seek access to copies of documents comprising email, SMS, text message or other written electronic communications between Air Commodore Tony Bull and Air Commodore Craig Heap during the period 1 January 2025 to 1 June 2026 that contain any of the following words or phrases, or substantially similar terms:*

*“next Commander of the AAFC”*

*“AAFC Commander”*

*“Commander AAFC”*

*“CDR”*

*“CDR-AAFC”*

*“Kylie”*

*For clarity, this request includes relevant communications held on Defence systems, Defence-issued devices, official email accounts, and any other documents held by the Department of Defence.*

**Action required:**

1. Conduct reasonable searches per the attached Search Certification across the DPE (and DSE if required). Provide un-redacted, in-scope documents to RAAF FOI in PDF format.
2. If no documents are found, provide readable screenshots/snapshots showing evidence of searches undertaken.
3. Complete, PDF-convert, sign, and return the attached Search Certification for all FOI search activity.
4. Advise us on any sensitivities within the document the ADM should consider before release.

**Due date: COB Friday 12 June 2026.** Please note FOI Act timeframes apply. If an extension is needed, advise ASAP.

If you have any questions please let me know.

Cheers

## OFFICIAL

Good morning s47E

AFHQ has received a tasking via Defence FOI, for a request made under the *Freedom of Information Act 1982* (FOI Act) from an anonymous applicant, from the Right to Know website. The scope of the request is as follows:

*“Documents containing correspondence between Air Commodore Tony Bull and Air Commodore Craig Heap during the period 1 January 2025 to 1 June 2026 held on Defence systems and Defence-issued devices that discuss the appointment of the next Commander of the*

AAFC.”

**Action required:**

1. Conduct reasonable searches per the attached Search Certification across the DPE (and DSE if required). Provide un-redacted, in-scope documents to RAAF FOI in PDF format.
2. If no documents are found, provide readable screenshots/snapshots showing evidence of searches undertaken.
3. Complete, PDF-convert, sign, and return the attached Search Certification for all FOI search activity.
4. Advise us on any sensitivities within the document the ADM should consider before release.

**FYSA:** We have put in a request for an extension of time with the applicant via MECC and will advise if this is approved by the applicant.

## OFFICIAL

Good afternoon s47E(d)

We have received the attached advice from the line area. The line area advised upon closer review there is no specified topic identified in the scope. While the implication is they are seeking information on the selection of the next CDR-AAFC, this cannot be assumed.

AIRCDRE Heap (Reservist named in the scope) conducted searches in their outlook using the terms "Bull" and "Kylie" and they believe "Bull" and "CDR-AAFC" resulting in hundreds, possibly over 1000 emails potentially in scope. AIRCDRE Heap estimates it would take between 3-5 days to sieve through the records under the current scope. We would consider this, in AIRCDRE Heaps capacity as a Reservist to be a diversion of resources qualifying for formal consultation with the applicant to revise the scope.

### Revised scope option

*"I seek access to copies of documents containing correspondence between Air Commodore Tony Bull and Air Commodore Craig Heap during the period 1 January 2025 to 1 June 2026 held on Defence systems, Defence-issued devices that discuss the appointment of the next Commander of the AAFC."*

Happy to discuss

Cheers

## OFFICIAL

Dear RAAF FOI,

This is a formal tasking relating to a request made on 4 June 2026 by an anonymous applicant, from the Right to Know website under the *Freedom of Information Act 1982* (FOI Act) for:

*I seek access to copies of documents comprising email, SMS, text message or other written electronic communications between Air Commodore Tony Bull and Air Commodore Craig Heap during the period 1 January 2025 to 1 June 2026 that contain any of the following words or phrases, or substantially similar terms:*

*“next Commander of the AAFC”*

*“AAFC Commander”*

*“Commander AAFC”*

*“CDR”*

*“CDR-AAFC”*

*“Kylie”*

*For clarity, this request includes relevant communications held on Defence systems, Defence-issued devices, official email accounts, and any other documents held by the Department of Defence.*

### Action required

**Phase 1: Identify the documents and appoint an Accredited Decision Maker (ADM) – due by 16 June**

1. Notify who has been appointed as the ADM. Please note as this request seeks access to non-personal information the ADM needs to be Band 1/SES.

2. Send the following:

- Digitally signed [Search Certification](#) (attached) with supporting evidence.
- In-scope documents with no redactions in PDF format. If creating a document is being considered please discuss with the Case Manager before doing so.

Note: For DSN documents, please email on the DPN when DSN documents provided.

- [Draft Schedule of Documents](#) (SOD) if there are five or more documents.

### **Phase 2: Draft documents – due by 23 June**

Prepare and send:

1. [Statement of Reasons](#) (SOR) ([SOR Guidance](#)) as a word document (unsigned).
2. Draft in scope documents – combined into one single PDF document with **proposed** redactions unapplied - marked with relevant [exemption codes](#) using the [FOI redaction tool](#) in PDF.
3. [Schedule of Documents](#) (SOD), in word format if applicable.

FOI Directorate (FOID) will review the draft decision package and provide feedback to the ADM and/or FOI Co-ord.

### **Phase 3: Final/Draft documents – due by 30 June**

Please discuss feedback provided on the draft decision package with the FOID, then prepare and send the final decision package:

1. SOR as a word document
2. Documents in the form approved for release in PDF format with redactions applied.
3. SOD in PDF format.

### **Phase 4: Final SOR – due by 6 July**

Please send:

1. SOR electronically signed by the ADM.

### **Consultation**

Please consider/identify third party consultations early so that statutory time limits can be managed. The ADM is required to authorise these consultations and approve documents for release to any third parties which the FOI team will then coordinate. Extra time is provided when third party consultation is required.

If the ADM considers there is a requirement to liaise with the offices of the Minister, Secretary, CDF or VCDF, please advise as soon as possible which the FOI team will facilitate.

### **Timeframes**

Under the FOI Act, Defence has **30 calendar days** to provide a decision and documents to the applicant. Documents and draft decisions must be reviewed by FOID before they can be signed by the ADM. Failure to provide the documents to FOID and appoint an ADM in a timely manner will impact on the time the ADM has available to make their decision within the legislated timeframe.

#### **Defence Freedom of Information Business Instruction and additional guidance**

The Defence [Freedom of Information Business Instruction](#) is available on the Intranet. Please [click here](#) to access the ADM Reference Guide. If you require assistance with drafting the SOR please contact me and I can provide sample wording to consider.

#### **FOI Case Manager**

I am the Case Manager for this request and am here to help you process this request. Please contact me early to discuss any questions or concerns.

Good morning Nick

We have a FOI case on the books which I am currently seeking your availability for. The scope of the request is as follows:

**FOI summary** – Anonymous (Right to Know) has requested the following:

*“Documents containing correspondence between Air Commodore Tony Bull and Air Commodore Craig Heap during the period 1 January 2025 to 1 June 2026 held on Defence systems and Defence-issued devices that discuss the appointment of the next Commander of the AAFC.”*

**FYSA:** The process for appointing the new AAFC Commander has not yet been finalised. Please also note the due dates below are subject to change due to AIRCDRE Heap and AIRCDRE Bull s47E(d). CB-AF have advised they will have search results to us by Monday 06 July 2026. MECC are seeking approval from the applicant for an extension of 14 days, if not approved by the applicant we will be asking MECC to seek an extension from the Information

Commissioner.

-

**Due date: Phase 2: Draft documents – due by 23 June, Phase 3: Final/Draft documents – due by 30 June and Phase 4: Final SOR – due by 6 July**

Your prompt advice on availability to assist is appreciated.

Cheers

## OFFICIAL

Hi s47E(d)

Cadets branch has completed their (very thorough) searches for FOI 1853/25/26.

Please find their searches attached. I understand the Defence-issued devices for both Air Commodore Tony Bull and Air Commodore Craig Heap were searched (in addition to Outlook and Objective).

Bottom line up front, we are proposing a 'nil documents' decision.

Please find attached the draft Statement of Reasons.

Please reach out anytime to discuss.

Sincerely,

s47E(d)

Good morning Nick

The alert process is complete for this FOI request and now ready for your signature.

I made one change to the Statement of Reasons which includes the 'Background' heading to include the extension of time granted by the applicant.

Attached is the word version in case of any last minute changes and a PDF ready for signature if no changes are needed. Once received I will send to the applicant.

Thank you for your assistance with this FOI request.

Kind regards

# Defence FOI Search Certification

This document is to be completed by officials undertaking searches for documents requested under the *Freedom of Information Act 1982* (Cth) (FOI Act). It is to demonstrate that all reasonable steps have been taken to locate documents, to support FOI decision making and assist any subsequent review.

The FOI Guidelines at paragraph [\[3.89\]](#) provide that agencies and ministers should **undertake reasonable searches on a flexible and common-sense interpretation of the terms of the request (scope)**. What constitutes a reasonable search will depend on the circumstances of each request and will be influenced by normal business practices in the Defence operating environment.

FOI requests must be processed within strict statutory timeframes to manage legal and reputational risk for Defence.

|                  |                        |
|------------------|------------------------|
| FOI Number       | Defence FOI 1853.25/26 |
| Date due to DFOI | 01/07/2026             |

## Action

- Conduct all reasonable searches for documents falling within the scope of the request
- Determine search terms based on the scope of the request
- Record and provide evidence of the searches undertaken, including Objective Snapshots in PDF
- Complete all fields in the search form (including if no documents found) and return the signed completed search certification to DFOI.
  - o If you are not the ADM, ensure the ADM is provided the Search Certification to them for their authorisation.

s22

This completed search certification should be digitally signed and returned to the FOI Directorate for retention in the related FOI file. In the event of external review the search certificate will be provided to the Office of the Australian Information Commissioner (OAIC) to demonstrate the searches undertaken to locate documents.

Please contact the MECC FOI Case Manager as soon as possible if you have any questions regarding the **interpretation** of the request, the volume of documents identified by searches, or you wish to discuss any **sensitivities** in the documents (e.g. information in the document which may not be suitable for release, or sensitive personal content).

Please advise the MECC FOI Case Manager as soon as possible if Defence should consider a trauma informed approach when responding to the applicant.

## Scope

s22

*Documents containing correspondence between Air Commodore Tony Bull and Air Commodore Craig Heap during the period 1 January 2025 to 1 June 2026 held on Defence systems and Defence-issued devices that discuss the appointment of the next Commander of the AAFC.*

No records exist as there was no correspondence between AIRCDRE Bull and AIRCDRE Heap related to the appointment of the next Commander of the AAFC. AIRCDRE Heap handed over to AIRCDRE Bull as DGCADETS-AF in Dec 25. At the time of handover, the consideration for selection of the next Commander AAFC had not commenced.

### Additional comments

There are ongoing sensitivities associated with the selection of the next Commander of the AAFC.

# Defence FOI Search Certification

This document is to be completed by officials undertaking searches for documents requested under the *Freedom of Information Act 1982* (Cth) (FOI Act). It is to demonstrate that all reasonable steps have been taken to locate documents, to support FOI decision making and assist any subsequent review.

The FOI Guidelines at paragraph [\[3.89\]](#) provide that agencies and ministers should **undertake reasonable searches on a flexible and common-sense interpretation of the terms of the request (scope)**. What constitutes a reasonable search will depend on the circumstances of each request and will be influenced by normal business practices in the Defence operating environment.

FOI requests must be processed within strict statutory timeframes to manage legal and reputational risk for Defence.

| FOI Number       | Defence FOI 1853.25/26 |
| Date due to DFOI | 01/07/2026             |

## Action

- Conduct all reasonable searches for documents falling within the scope of the request
- Determine search terms based on the scope of the request
- Record and provide evidence of the searches undertaken, including Objective Snapshots in PDF
- Complete all fields in the search form (including if no documents found) and return the signed completed search certification to DFOI.
  - o If you are not the ADM, ensure the ADM is provided the Search Certification to them for their authorisation.

s22

This completed search certification should be digitally signed and returned to the FOI Directorate for retention in the related FOI file. In the event of external review the search certificate will be provided to the Office of the Australian Information Commissioner (OAIC) to demonstrate the searches undertaken to locate documents.

Please contact the MECC FOI Case Manager as soon as possible if you have any questions regarding the **interpretation** of the request, the volume of documents identified by searches, or you wish to discuss any **sensitivities** in the documents (e.g. information in the document which may not be suitable for release, or sensitive personal content).

Please advise the MECC FOI Case Manager as soon as possible if Defence should consider a trauma informed approach when responding to the applicant.

## Scope

s22

*Documents containing correspondence between Air Commodore Tony Bull and Air Commodore Craig Heap during the period 1 January 2025 to 1 June 2026 held on Defence systems and Defence-issued devices that discuss the appointment of the next Commander of the AAFC.*

# Defence FOI Search Certification

This document is to be completed by officials undertaking searches for documents requested under the *Freedom of Information Act 1982* (Cth) (FOI Act). It is to demonstrate that all reasonable steps have been taken to locate documents, to support FOI decision making and assist any subsequent review.

The FOI Guidelines at paragraph [\[3.89\]](#) provide that agencies and ministers should **undertake reasonable searches on a flexible and common-sense interpretation of the terms of the request (scope)**. What constitutes a reasonable search will depend on the circumstances of each request and will be influenced by normal business practices in the Defence operating environment.

FOI requests must be processed within strict statutory timeframes to manage legal and reputational risk for Defence.

|                  |                        |
|------------------|------------------------|
| FOI Number       | Defence FOI 1853.25/26 |
| Date due to DFOI | 01/07/2026             |

## Action

- Conduct all reasonable searches for documents falling within the scope of the request
- Determine search terms based on the scope of the request
- Record and provide evidence of the searches undertaken, including Objective Snapshots in PDF
- Complete all fields in the search form (including if no documents found) and return the signed completed search certification to DFOI.
  - If you are not the ADM, ensure the ADM is provided the Search Certification to them for their authorisation.

s22

This completed search certification should be digitally signed and returned to the FOI Directorate for retention in the related FOI file. In the event of external review the search certificate will be provided to the Office of the Australian Information Commissioner (OAIC) to demonstrate the searches undertaken to locate documents.

Please contact the MECC FOI Case Manager as soon as possible if you have any questions regarding the **interpretation** of the request, the volume of documents identified by searches, or you wish to discuss any **sensitivities** in the documents (e.g. information in the document which may not be suitable for release, or sensitive personal content).

Please advise the MECC FOI Case Manager as soon as possible if Defence should consider a trauma informed approach when responding to the applicant.
