Hi s47E(c),

I have run a search for history of NOTAM activations of D227 for the last 12 months. This is the furthest back we can search so I have access to the history from 19 May 2025 until today.

There was only one result which was the NOTAM from 19 October 2025 that you mentioned in your email, as below.

C1019/25 NOTAMN

Good afternoon,

I am from Darwin ATC and if you are able, I would like to request a history of NOTAM activations of D227 since 17 Apr 25 to today.

All I can find is one activation (attached) on 19 Oct 25.

Could you please confirm that is the only one you can see, or are there others in your history log?

Cheers,

HI,

Following up from phone call 19/10/2025 @ 0530

Requesting a NOTAM be published for flaring activities to a height of 1700 feet.

This will begin on 19/10/2025 @ 1000hrs for start up activities over the next 24hrs.

We will notify if this is likely to extend.

Our link for the notification form no longer seems to work. Can I get a copy of that sent through?

Thanks for your time
