As discussed. Cleared but pls pass on that there is only one Commanding Officer.....the CO of the TG. It is an important terminology point...others are Platoon Commanders, Lieutenants or Officers Commanding at the MAJ level.

On page 2 it talks about the Commanding Officer not segre g ating ANA from AS troops; the Commanding Officer not having operational experience etc....

CO TG was not at Wahab. I know the Commanding Officer has previous operational experience.

Pls ensure this is correct so that CO TG is not represented falsely when this information is issued to the media.

Cheers

Sir,

The attached Comms Pack relates to the COI into the IA at PB WAHAB in Aug 12.

I have confirmed that the embedded comments have all been resolved and only the tracked changes need clearance for fact and OPSEC. the rest of the document was cleared by J3 and CJOPS in Jul 13.

I have review the tracked changes for factual correctness and OPSEC an recommend it be cleared.
