

PUBLIC AIC PLAN - CASG/LSD/CON/25058/1 INTEGRATED LAND TARGET SYSTEMS

Company Details:

Company Name: Australian Target Systems Pty Ltd

Location: 837 Hope Crt, Albury, NSW 2640

Website address: www.atspl.com.au

Executive Summary:

1. ATS will undertake provision of acquisition and sustainment services for target systems as prioritised by the Integrated Land Target Systems (ILTS) Program subject to Commonwealth approval and available funding.
2. Further, ATS will define and deliver the ASDEFCON Support System Constituent Capabilities (SSCC) services to the Commonwealth, including support for the range operators to enable Army and international allies to achieve their capability outcomes.
3. The ILTS program includes five SSCC as detailed below:
 - 3.1. Operating Support,
 - 3.2. Engineering Support,
 - 3.3. Maintenance Support,
 - 3.4. Supply Support, and
 - 3.5. Training Support
4. As a 100% Australian owned and operated Capability Systems Integrator (CSI) located in regional NSW, ATS currently employs and will grow, develop, train, and sustain its existing Australian work force to successfully deliver the ILTS program and further develop ATS to become a world leader in live fire training capabilities.
5. The total contract value for the contract term is \$29,985,057 (GST exclusive), all of which will be delivered by Australian Industry. The initial contract term is five (5) years.
6. The details of the various Australian Subcontractors that will support ATS in delivering ILTS are provided within Table 1 below:

Table 1: Australian Subcontractors - ILTS

Subcontractor Name	Description of Services	Location
EMA Consulting Group Pty Ltd	Commercial, Legal and Procurement Services	ACT
Bullroarers Pty Ltd	Indigenous Capability Services	QLD

Future Opportunities Industry Engagement:

7. Australian industry engagement will occur through the impartial establishment of arrangements with the supplier market using a robust and transparent process to conduct Market Scanning and Analysis Services. Opportunities exist for Australian Industry to offer new technologies and innovative solutions to meet the requirements of individual mission systems and sub systems.
8. All approaches to market will be evaluated in accordance with specified requirements and reported back to the Commonwealth for final approval.
9. ATS encourage potential Original Equipment Manufacturers (OEMs) and associated supply partners to reach out if you believe your products or services can support and enhance the ILTS program capability. The best point of contact should you have any queries regarding the ILTS program is:

William Ellwood
ILTS Program Director
Email: info@ats-t1.com
Phone: +61 2 6051 7000

Conclusion

10. The ILTS program not only represents significant opportunity to better enable Army to meet individual, team, and combined arms capability readiness requirements; it also provides a tangible mechanism to broaden Australia's sovereign industry base.
11. ATS are committed to working closely with the Commonwealth to strengthen relationships to ensure the integrity and intended benefits of the ILTS program are realised by the Commonwealth, industry partners and the End User, the Soldier.

Yours sincerely,

A handwritten signature in black ink, appearing to be 'PB', with a long, sweeping horizontal stroke extending to the right.

Paul Burns DSC and Bar
