

Annex D: Public AIC Plan

Company Details

Company Name: Harris Communications Australia (HCA)

Location: 375 Macarthur Avenue, Hamilton QLD 4007

Website Address: <https://www.harris.com/global>

Executive Summary

- HCA has been contracted by the Commonwealth of Australia under Land 200 to deliver a Tactical Communications Network (TCN) Mission System consisting of COTS/MOTS MILSPEC radios integrated with an HCA provided Network Interface Subsystem (NIS) and an HCA and Boeing Defence Australia (BDA) developed Network Planning and Management System (NPMS).
- The value of the Contract is \$330M.
- The project includes the design, development, test, integration and support of the Mission System for installation into mounted platforms procured by the Commonwealth.
- The project is scheduled to commence in Q3 of CY 2017 and be completed five years after commencement.
- HCA has developed a business model which provides an open standard C3 capability by allying with global capability providers and local industry leaders who share Harris' long-term vision of being a trusted partner to deliver enduring capability.
- The HCA Team will be able to develop software in Australia for the Commonwealth and manufacture components and subsystems under license.
- The HCA Team will also provide:
 - Network Simulation and Modelling services;
 - Local procurement of spares/test equipment

Future Opportunities / Industry Engagement

- Future work and opportunities for local industry will be made available via:
 - Professional networks; and
 - State Government industry advertising.
