### EXECUTIVE SUMMARY

Austal Ships has been contracted by the Commonwealth of Australia (Commonwealth) to provide the Guardian Class Patrol Boats (CASG/GMSHIPS/Contract 254/2016). The project consists of three (3) phases:

- a. supply of the Pacific Patrol Boat Replacement, named the Guardian Class;
- b. the provision of conversion and maintenance training for: the current Pacific Patrol Boat (PPB) fleet; Tongan Sealift Landing Craft (SLC); and Guardian Class; and
- c. Sustainment of:
  - i. the Guardian Class; and
  - ii. the current PPB and SLC fleets.

The Guardian Class Contract (Acquisition) involves the design, development, production, commissioning and introduction into service of 22 Guardian Class vessels, with option to purchase additional quantities.

This contract will require Austal to source a range of materials, components, systems and services from Australian industry. The Contract (Acquisition) is valued at approximately \$343 million (excl. GST) over 7-years with \$148 million spent on work to be performed by Australian industry, additional overheads of \$80.5 million, combining for a total Australian contract expenditure of \$228 million (excl. GST).

In designing, constructing, commissioning and introducing the Guardian Class into service Austal will provide the following products and services under SEA 3036 through the engagement of Australian companies. Identified Australian Companies are shown in C-1.

## SCOPE OF FUTURE WORK OPPORTUNITIES

Austal has well established relationships with its supply chain for the provision of goods and services. Notwithstanding this Austal will engage and test the market as opportunities arise in the work activities outlined in C-1 and presented below in Table C-2.

**Table C-2 SEA 3036 Opportunities**

Product/Service Description
Supply of tank cleaning services
Supply of consumables
Supply of commissioning services
Supply of underwater services

Austal may test the market for other supplies and services when existing arrangements expire, new scope is added, or current suppliers/service providers perform poorly.

**INDUSTRY ENGAGEMENT AND MARKET TESTING**

Austal operates with an open supply chain philosophy in which all prospective subcontractors/suppliers are welcome to register their interest in participating as a subcontractor/supplier. Austal welcomes these registrations of interest regardless of whether there is an immediate specific need for the product/service.

Austal enables all current/prospective subcontractors/suppliers to remain aware of Austal's activities by allowing them to register to receive Austal news via email or social media. This ensures that relevant news, including notification of new Austal projects which they may be able to provide goods/services for, is provided directly to them and in a timely fashion.
